at South Shadow Angus.***

We are a hands-on, fifth-generation operation celebrating our 74th year of cattle ranching and 59th consecutive year as registered Black Angus seed stock producers.

In 1993, the South Shadow herd, which belongs to Don, Connie, Darby and Kalee, began in earnest as Don's folks, John and Florence Delorme of Jay En Dee Angus, transitioned into retirement after devoting 30 plus years to their registered cattle herd.

Today, the South Shadow herd continues to supply your breeding needs and interests with production from approx 100 head of females. Many herd sire prospects moved in-

to rancher's cattle herds the previous 6 decades with six going to purebred breeders in the 2022 Your Choice Bull Sale. We are beyond thankful to our valued customers for their first or returning purchases.

Don is opening the gate to this year's heifer pen - females destined for a long and productive life, from the multi-generational Delorme cow herd. We appreciate your interest and investment in our program and look forward to visiting with you. We are excited to share our production with you at the 2022 Masterpiece Sale.
