Black Angus Bull Sale

Monday, April 6, 2020 - 1:00 PM - Cowtown Livestock
Maple Creek, SK

Sale Day Phones

Cowtown Livestock Office (306) 662-2648
Tyler Cronkhite (306) 661-8786
Brent Weiss (306) 662-7229
Wayne Bowyer (306) 662-7371
Brian Bouchard (403) 813-7999
Don Delorme (306) 299-7778
Darby Delorme (306) 662-7993
DLMS: Mark Shologan (780) 699-5082

LOCATION:

Cowtown Livestock, 1.6 km East of Maple Creek, Sask.

SALE STAFF:

Auctioneer: Gordie Cameron (306) 741-7077
Cowtown Livestock Exchange Office (306) 662-2648

Join us on sale morning for pre-sale viewing with a Complimentary Beef Lunch beginning at 11:00. After the sale there will be refreshments, please stay as our guests and enjoy the visit with fellow cattle producers.

Current weights and scrotal measurements will be available prior to sale.

TERMS:

Please register for a buyer number at the office prior to purchasing. All bulls sell under the Terms & Conditions of Cowtown Livestock Exchange. Terms of sale are cash or cheque payable to Cowtown Livestock. No bulls will be released without satisfactory settlement. *When making settlement for your purchases, please leave specific instructions for transferring of registration certificates.* Any errors discovered in this catalog will be corrected from the auction stand and will take precedence over printed material contained in this catalogue. Each animal becomes the responsibility of the purchaser as soon as sold.

BULL EVALUATION / HEALTH:

All bulls will have a complete satisfactory fertility exam and semen test done by the Maple Creek Vet Clinic prior to sale. Bulls will not be sold on a 'deferred' result. For prevention of footrot, the bulls have received their first vaccination and will require a booster. Bulls have been vaccinated: Fermicon 7/Somnugen, Inforce 3 and One Shot and boosted Fermicon 7/Somnugen, Pyramid FP 5/Presponse and pesticide poured. In the event that your bull is a non-satisfactory breeder please notify us immediately. He will be replaced with a bull of equal value or a credit will be given towards the purchase of another Delorme bull. We will not provide replacement or credit for physical injury or mismanagement.

ON OFFER:

60 Registered Black Angus Bulls

VIEWING THE BULLS:

The bulls are available for your appraisal at the ranch until Friday, April 3rd. Then they will be moved to the Cowtown yards where they will be available for viewing until sale time on April 6th.

INSURANCE:

Insurance will be available sale day, on location from a Blythman Agency's representative. (306) 662-2604

\$100 OFF YOUR PURCHASE:

If you take your bull home the day of the sale upon satisfactory settlement of payment. If you are not ready for them we will gladly take your bull(s) back to our ranch for you but they have to be insured. After May 1st we will charge \$3.00/day. We ask that you please pick up your bulls by May 31st or contact us to make delivery arrangements. The earlier you get your bulls home to acclimatize, the better they do at the job you bought them for.

ONLINE BIDDING AND VIEWING:

DLMS Online Bidders:
Please sign up and confirm bidder approval prior to the sale.

Internet Bidding Available

DLMS
www.dlms.ca

For more information Call DLMS Reps:
Mark Shologan 780.699.6082
Whitney Bosovich 780.991.3025

PHONE BIDS AND SIGHT UNSEEN PROGRAM:

If you are unable to attend the sale but are interested in bulls, give us a call and we will go over the bulls and your program and recommend bulls that would meet your needs and refer you to one of the sale staff who will represent your needs in a professional and confidential manner.

SEMEN COLLECTION:

We reserve the right to collect semen on any bull in the sale for in-herd use only. Any questions please contact Don or Darby.

SALE ACCOMODATIONS:

Cobble Creek Lodge: 306-662-5100
Cypress Park Resort Inn: 306-662-4477
Willowbend Motel: 306-662-2555
Maple Creek Motor Inn: 306-662-4431

Hello Cattle Producers...

Welcome to the 2020 Your Choice Bull Sale. Whether you are one of many longtime customers or here for the first time, we are excited to bring you another set of big, stout, athletic bulls by our walking sires or A.I. sires. Once again we want to bring bulls to you to improve your weaning weights and profitability with ability to retain some fabulous heifers.

We are a family operation; breeding and marketing bulls well into our fifth decade. The Grandchildren's bulls in the sale represent the fourth generation [and fifth "ranching"]. We are blessed to have this opportunity, your support and do not take your business for granted.

Cover graphic design by Sean

@brashtones

A New Decade ~ The atmosphere of Agriculture has certainly seen some changes in the past couple decades. Some days it's like a long walk against a plow wind! Other days? Like you, there is pride and satisfaction... and a smile similar to when you see the calves run with their tails in the air, which makes it all worth it. It takes a special breed of people to want to do this. Hats off to all of you!

Maternal Matters ~ We put a lot of pressure on the 'convenience' traits; disposition, fertility, udder quality, calf vigor and do-ability. The cows pictured here are a testament to our purpose; to keep functionality. Low-management cows are a necessity in today's beef industry; from large commercial herds to smaller herds. The cow herds have to be as flexible and perform as handily as you, their owners!

Bull Development ~ we keep in mind the future usefulness of the bull in your operation. Summered on a couple sections of good semi-arid native grasslands - no creep, followed by a winter ration of homegrown, tub ground roughage topped with a mineral package and aiming for a 3# ADG., from weaning to sale day.

Thank You ~ Shayla Duncan, Will Banford, Ben Dumontel, Travis Derald, Denis and Colleen Cloutier for helping

us get the bulls cleaned up and into the picturing and video pens.

We are also fortunate to still be ranching and farming a long side Connie's parents, Alfred and Jo. With Darby and Sarah, we all collectively manage a 60 year old, successful commercial Angus herd ... check out the private treaty offering of replacement heifers on page 35.

- On page 36, just inside the back cover, you will find a numerically ordered index of the bull's tag #s (those recommended for heifers are also highlighted).
- Videos available online at:
www.DelormeRanch.ca
- The Sale Order, Weights and SC will be available shortly before sale time.

We look forward to hearing from you and welcome the opportunity to show you through the herd ~ to earn your business and truly offer "Your Choice" of Angus genetics. Please join us on April 6th. Lunch will be served at 11 and the sale begins at 1pm. We hope you will stay after the sale for a bit of hospitality, as we always look forward to visiting with you again!

Sincerely the Delorme Family

Phew ... made it through our introduction without referring to today's political BS!!

WALKING HERD SIRE: Windy 313E is on the plus side of moderate for frame size, big moving and was successfully used on heifers. Dale and Cindy at Border Butte label his Dam as a fantastic little Momma. His sire, 60C is out of one of the best cows at Dwajo and she goes back to our own Masterplan 3Y. EPDs in the top: 20%BW, 8%CE/MCE.

Sire of Sale Bulls: Page 17 - 19

The Performance Information

As a further means to improve our herd we have submitted animal data to the Canadian Angus Performance, CAP program since it's initiation in the 70's.

- The test weights are for performance comparison WITHIN OUR HERD only. Consider and keep in mind that feed management differs with each breeder.

AOD	Actual BW	ADJ. 205	ADJ. 365	Oct 14 WW	Jan 19 YW	ADG
5	88	666	1111	824	1100	3.0

- **AOD:** Age of Dam at calf's birthdate
- **Actual BW:** Birth weight as actually weighed and recorded
- **ADJ 205:** Adjusted 205 Day [Weaning] Weight. Actual Weaning weights adjusted to 205 days of age - Dam's age considered in formula
- **ADJ 365:** Adjusted 365 Day [Yearling] Weight. Post-Weaning Average Daily Gain x 160 + Adjusted Weaning Weight
- **Oct 14 WW:** Date calves were weaned and weighed in fall of 2019
- **Jan 19 YW:** 2020 Date calves were weighed for yearling weight data submission
- **ADG:** Average daily gain from Oct 14, 2019 to Jan 11, 2020

Average EPDs for all Black Calves born in 2019

BW	WW	YW	MILK	TM	CE	MCE
+2.0	+47	+83	+22	+45	+3.6	+7.2

National Cattle Evaluations [EPDs] are conducted monthly. EPDs represented are from February 2020.

How To Read EPDs and Performance Data

EPD's are a measure of the expected differences in performance of a sire's/dam's progeny when compared to the average progeny of all sires/dams evaluated within the same breed. This prediction is based on actual performance, progeny performance and relatives' performance.

- EPDs can be used to compare bulls/cows from different herds.
- EPDs cannot be used to compare bulls/cows of different breeds.
- EPDs allow breeders to estimate a young animal's breeding value and that animal's value as a parent
- EPDs allow a fair comparison of breeding value by removing environmental bias such as climate, feed and special management
- EPDs are the best tool available to compare animals between herds, countries and year of birth
- EPDs help breeders make informed decisions regarding breeding stock selection by evaluating numerous traits, such as growth related traits (BW, WW, YW, Milk)

- **BIRTH WEIGHT (BW):** The birth weights of a bull's/cow's progeny when compared to the breed average, in pounds. Negative values indicate lighter BW while positive numbers indicate heavier.
- **WEANING WEIGHT (WW):** The adjusted weaning weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **YEARLING WEIGHT (YW):** The adjusted yearling weights of a bull's/cow's progeny when compared to the breed average, in pounds.
- **MILK:** A measure of the amount of pre-weaning performance gained by calves which can be attributed to the milking ability of a bull's/cow's daughters. The EPD is expressed in pounds of calf.
- **TOTAL MATERNAL [TM]:** Indicates the performance based on the calf's inherent genes for growth (WW EPD) and the influence of his mother's milk EPD. It is an indication of the weight of calf a bull's daughter will wean.
- **CALVING EASE DIRECT (CE) EPD:** The average difference in ease with which a sire's calves will be born when he is bred to first calf heifers.
- **MATERNAL CALVING EASE (MCE):** Is expressed as a difference in percentage of unassisted births with a higher value indicating greater calving ease in first-calf daughters. It predicts the average ease with which a sire's daughters will calve as first-calf heifers when compared to daughters of other sires.

MGD: Ruby 20S

113A MAT Sister: Ruby 171C

This very docile Resource son is the highest gaining bull at 4.33 lbs a day with a Yearling Index of 132. He's long and large in the hip and body with a wide stance. He exhibits eye-appeal with natural muscling and spring of rib and body shape. Dam is big bodied, highly productive with strong maternal traits, an awesome udder and added performance. Double down on his 3/4 brother in 80G below and have the neighbors stopping for a second look! 113A sons to the Stokke Ranches and J Hassett. Top EPDs: 20%WW, 10%YW, 25%TM, 15%CE.

Very balanced, long bodied, smooth shouldered with great neck extension. Big time growth backed by a great cow family. Looking for some closely related bull power? Consider adding 3/4 brothers 80G and/or 160G (above) into your herd sire battery or have a look at 65A's maternal sister's son in 23G (pg 24). Dam is a deep, feminine, broody, fabulous uddered female. Sons to Flowing Well and P Martens. Top EPDs: 15%WW, 10%YW, 25%TM.

BOUNDARY RESOURCE 121G

DLD 121G 2091194 01/22/2019

Another well balanced, Resource son, with a big, long, round, hip. Wide over the top from loin to pins, and wide based. Also, very correct in his leg and hoof structure. Probably the heaviest haired Resource son to date. His dam is a gorgeous Bismarck daughter with an absolutely phenomenal udder. She has 2 daughters in herd. 121G ranked 2nd and indexed 123 for YADG, 4th AYW and 7th for actual YW. Tank of a bull with so much to offer. EPDs top 20%WW, 10%YW.

Predictable pounds added to your calf crop through this long spined, deep ribbed and big boned Kozi son. Awesome EPDs for growth and maternal traits with a yearling index of 116 and an EPD profile of: 2%WW, 2%YW, 3%TM. Dam is a very productive Upward daughter with a good udder. 112 G is a 3/4 brother to 84G (below). 63Z sons to: A Frank, B Bock and DeMars at Sandhills Cattle with another, 7E used in our commercial program.

Recommended for heifers. Very moderate BW with the capacity for growth and performance. WW index of 114. Probably best suited for the open range type of ranch operation. Dam is a big bodied cow with strong maternal traits. 84G is 3/4 brother to 112G (above). Dam has one daughter to Arndt Ent. and sons to Box Elder Colony, West Bench Colony and E Stehr. Top EPDs: 2%WW, 3%YW.

Recommended for heifers. Patterned a lot like his sire, with that depth of body, heart girth and fleshing ability. He is also very smooth framed, combined with his lower BW should be a really easy calver. His dam has averaged 76 lbs birth weight on her 6 calves but they really grow. She has moved from Elite to Premier dam this year. She's had sons sell to Horton Land and Cattle, T Leismeister, Hanson Ranch, one son 10B used in herd, and one daughter with a son 45G (pg 24) in sale.

DAM: Errolline 1R

1R Daughter: Errolline 46Z

1R Daughter: Errolline 172E

Deluxe heifer bull with a 60 lb BW and a -2.4 BW EPD. Deep bodied, clean, smooth made with length and thickness. His Dam 1R, a consistent producer, justified her spot (164G being calf #13) in the herd with structural correctness, fertility, great udder suspension/teat size and temperament. It didn't matter what you bred her to, she always produced low BW and growthy offspring. 1R put four daughters into our herd with one, 814 designated Premier. Sons to Nagel, Arendt, Box Elder Colony and DeMars. Top EPDs: 1%BW, 2%CE, 1%MCE

Deep, balanced, smooth shouldered, and round hiped, and a lot of calving ease bred in. With Thunder and Aviator in the pedigree, he could be used on well grown heifers or cows. Love the Thunder bred cows; their hoof structure is one of the best and the daughters make tremendous females that raise money making calves. One ¾ brother sells (below) out of 35Z daughter 59B. 35Z's granddaughter out Settler 66E is Isabella's 4H heifer 2020. 35Z has 3 daughters in herd. EPDs top: 15%BW, 20%YW, 25%TM, 1%MCE.

Recommended for heifers. Smaller frame, big foot, and good heal depth. Out of a really nice, easy fleshing, pear shaped, Chinook daughter, that's double bred calving ease on the bottom side. Her average birth weight on 3 sons and 1 daughter was 74lbs so there's some consistency in calving ease and birth weight. ¾ brother to 33G in the sale (above). His dam's had sons sell to C & N Schock and J Hassett. EPDs top: 1%BW, 20%M, 1%CE, 1%MCE.

Commercial Open Replacement Heifers By Private Treaty At The Ranch

COMMERCIAL OPEN REPLACEMENT HEIFERS

Spring Offering of 60 Heifers ~ by Private Treaty

From the Delorme and Wardberg commercial herds is the 34th Annual offering of Black yearling heifers.

Straight Bred Black Angus & Black Simmental/Angus

Contact us for the details

1948: the year Grandpa (Ole) Wardberg brought the first Black Angus females to this area. Four generations later and we still look across our fields at straight black angus cows. You'll have the opportunity to purchase from 60 home-grown Black replacement heifers. Half of the commercial herd are bred Black Angus, the other half, Black Simmental from Darby and Sarah's registered Boundary herd. This will be our 34th annual offering of straight-bred Angus females with 2020 marking the 10th offering of the F1 crossbred Black Simmental/Angus Heifers.

These fancy heifers will equally represent the two breed sire groups.
